

PROFESSIONAL PTO

The Dynamic Worker for Rigorous PTO Workloads

For the heavy-hitting work day, the Professional drive shaft delivers quality components that will help your equipment operator power through their hardest drive train applications.

When to Use Professional

The Professional drive shaft is designed for heavy-duty applications that require up to 170 horsepower. Created for hard-hitting everyday applications, the Professional drive shaft is comprised of quality components, that can be easily maintained, replaced, or upgraded.

Professional Features & Benefits

- Designed to meet ASABE and CEN safety requirements.
- Provides up to 170hp @540RPM and engineered for continuous duty cycle to help operators power through the tough jobs.
- Weasler yokes are built to minimize noise and vibration. Select Spring-lok, Safety Slide Lock, or the Auto-lok yoke.
- Our universal joints offer a variety of grease fitting options for easy maintenance. Choose a standard or constant velocity joint with 8-hour, 50-250-hour maintenance intervals, or upgrade to a maintenance free joint.
- Available with profile, sleeve, sealed or double telescoping, all designed to provide easy access for repairs, or maintenance.
- Select one of our clutches that offer superior torque overload protection. Choose between friction and shear, or add any available clutch (ratchet, auto, etc.).

Star

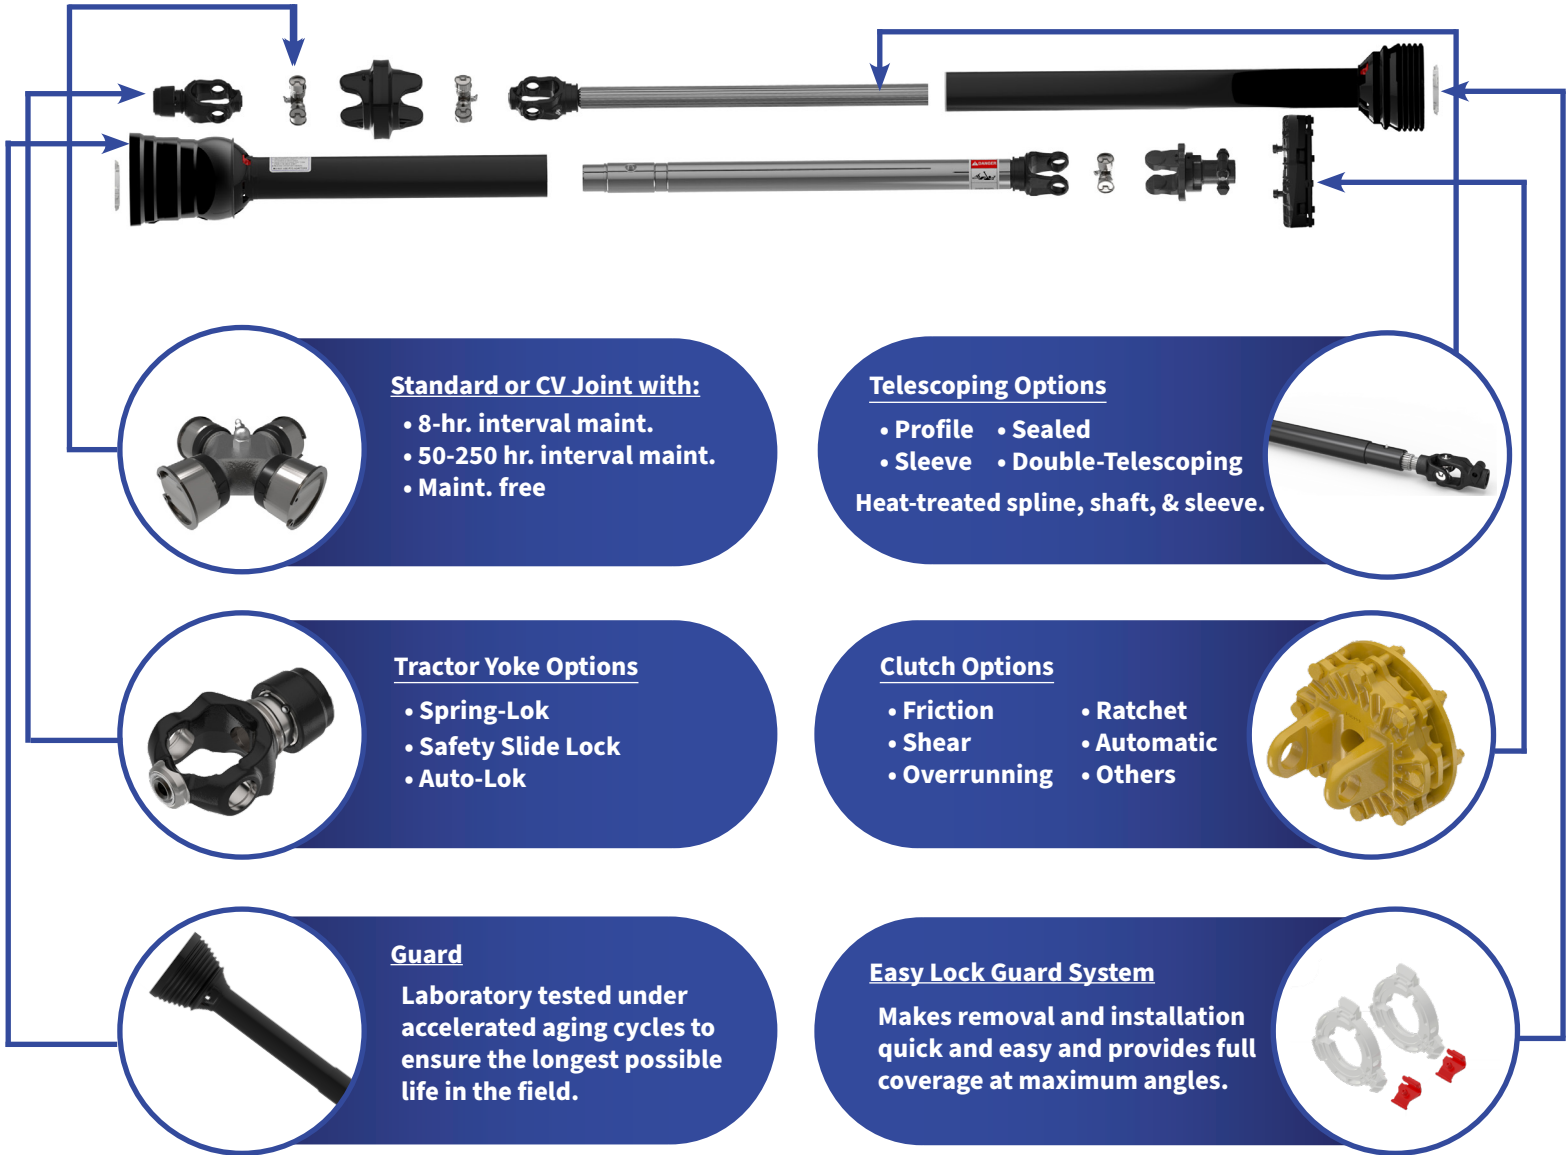

Spline

Select a star or spline profile, sleeve, sealed or double-telescoping tube.

Professional Drive Shaft, Quality Components

Professional drive train applications require a seamless transfer of power between a tractor and its attached machinery. A global leader in mechanical power transmission, Weasler focuses on building drive shafts made with quality components, giving you the best drive train options for the heavy-hitting everyday applications.

With our well-designed, robust components, our Professional drive shaft is the right solution for heavy duty drive train equipment applications. If you would like to know more about our products or services, contact your local Weasler representative today.
